The preparation and publication of this document was financed in part through grant(s) provided by the United States Department of Transportation, Federal Highway Administration, and Federal Transit Administration. The provision of federal financial assistance should not be construed or denoted as U.S. Government approval of plans, policies, programs, or projects contained herein.

## **FY 2021 Annual Listing of Obligated Projects**

The FY 2021 Annual Listing of Obligated Projects lists transportation projects in the El Paso Metropolitan Planning Organization (MPO) planning area that had funds obligated in fiscal year 2021. The listing includes projects that were in FY 2021 of the El Paso MPO Transportation Improvement Program (TIP) and were subsequently listed in the Statewide Transportation Improvement Program (STIP). Some of the projects in this listing were grouped, and therefore were not listed individually in the TIP, but were let by the state, and covered in the STIP.

The Federal Highway Administration (FHWA) defines obligation as the federal government's legal commitment (promise) to pay or reimburse the states, or other entities for the federal share of a project's eligible cost. It is important to note that the obligated project's construction costs reflected in this report may not be equal to the final costs after completion and all costs are totaled.

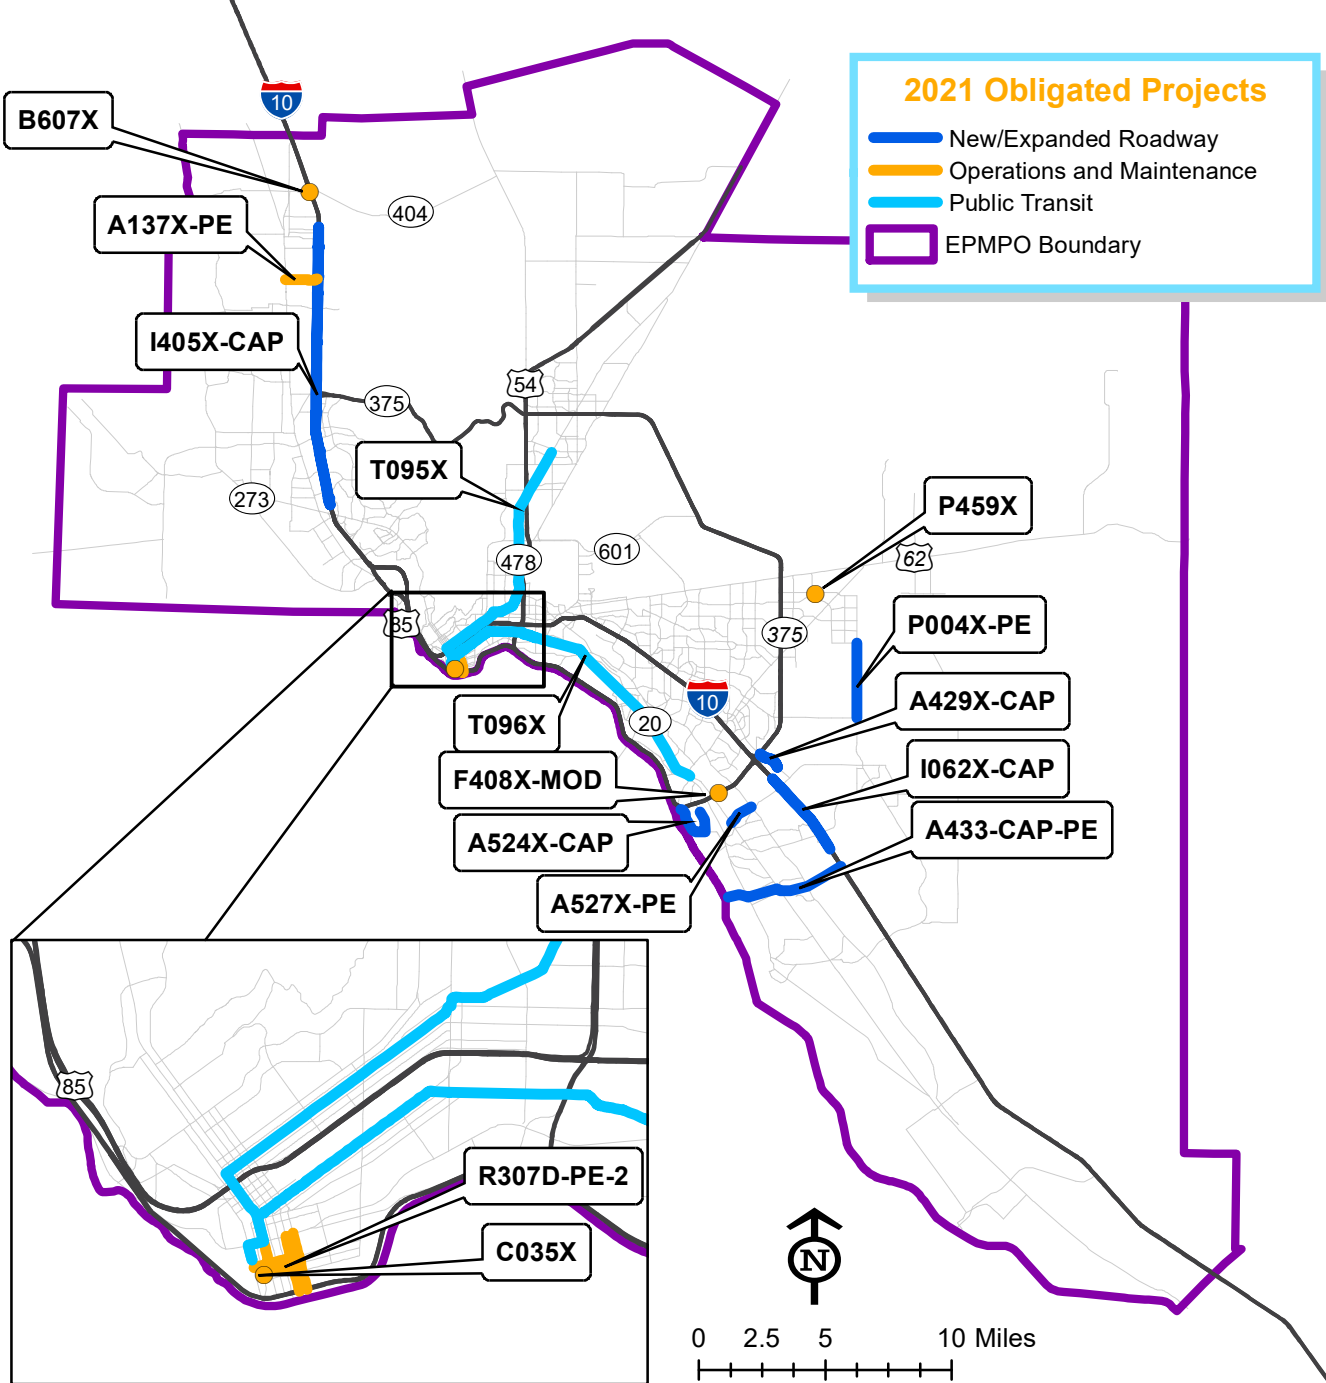

The TIP is a listing of projects adopted by the Transportation Policy Board (TPB), for public transit, highway, bicycle, and pedestrian projects, which receive federal transportation funds. The TIP may also include projects that are not using federal funds but are considered of regional significance.

The El Paso MPO actively engages the public in the regional transportation planning process by providing the public with complete information through public notices, public access, e.g., via the El Paso MPO webpage at [www.elpasompo.org](http://www.elpasompo.org) and with public comment opportunities at regularly held, and specific meetings where MPO documents are available for public input. The ability for the public to play a key role in regional transportation decisions is achieved through early and continuing involvement by presenting information, educating, soliciting input, and responding to public concerns.

In summary, the federal funds obligated to the El Paso MPO's planning area for FY 2021 are as follows:

A total of **\$ 260,385,802** was obligated on all transportation projects:

- **\$ 5,910,052** for Bicycle and Pedestrian Projects in El Paso County, Texas
- **\$ 36,414** for Bicycle and Pedestrian Projects in Dona Ana County, New Mexico
- **\$ 208,394,315** for non-grouped Highway projects in El Paso County, Texas
- **\$ 33,856,259** for Grouped Highway projects in El Paso County, Texas
- **\$ 8,790,392** Highway projects in Southern Dona County, New Mexico
- **\$ 2,503,724** for Sun Metro for the City of El Paso
- **\$ 894,646** for other transit provider projects in El Paso County, Texas and Southern Dona Ana County, New Mexico
