# AMENDED HORIZON 2040 MTP

EXECUTIVE SUMMARY

KEY CHART OF HORIZON 2040 MTP AMENDMENTS

AMENDED HORIZON 2040 MTP PROJECT LIST

AMENDED HORIZON 2040 MTP - FINANCIAL SUMMARY

INCLUDES ORIGINAL HORIZON 2040 MTP:

[http://www.elpasompo.org/scroll\\_bar\\_area/mtp/default.htm](http://www.elpasompo.org/scroll_bar_area/mtp/default.htm)

Prepared in cooperation with the Texas Department of Transportation, the New Mexico Department of Transportation, the U.S. Department of Transportation, the Federal Highway Administration and the Federal Transit Administration.

# Executive Summary

## Amended Horizon 2040 MTP

The original Horizon 2040 MTP (refer to [http://www.elpasompo.org/scroll\\_bar\\_area/mtp/default.htm](http://www.elpasompo.org/scroll_bar_area/mtp/default.htm)) was adopted by the TPB on October 4, 2013 with revenue streams to cover project costs and programs beginning with FY 2013 and cover a planning horizon to the year 2040. The El Paso MPO submitted the original Horizon 2040 MTP, corresponding Horizon 2013-2016 Tip and original Transportation Conformity Report for approval by FHWA/FTA. The El Paso MPO received a conformity determination on June 5, 2014.

On February 17, 2017 the Transportation Policy Board identified six projects (projects 1-6) as added capacity projects. TXDOT identified two additional added capacity projects (projects 7-8) for a total of eight added capacity projects (projects 1-8) requiring amendments to the Horizon 2040 MTP, 2017-2020 TIP (projects 1-6) and the Transportation Conformity Report. Additional funding for projects came through TXDOT, to include categories 4, and 12, seeking approval by the Texas Transportation Commission (TTC) at their March 28, 2017 meeting by amending the 2017 Unified Transportation Program (UTP). There are also local funds and state of New Mexico funds included for added capacity projects requiring a conformity determination for the transportation planning documents.

### Texas:

1. US 62/180 (Montana Ave.) Expressway & Frontage Roads, Phase I, CSJ 0374-02-097, MPO ID F407A-CAP, Build Westbound 3-lane Frontage Road from Global Reach Dr. to Tierra Este Rd. Ancillary work from Global Reach Dr. to Tierra Este Rd. to convert existing 3-lane Eastbound Mainlanes to 3-lane Eastbound Frontage Road. Construct 6-lane Expressway Eastbound/Westbound Mainlanes with Auxiliary lanes & Grade Separations at the Intersections from Lee Trevino Dr. to Tierra Este Rd.. Incidental work to Zaragoza Dr.
- 2, Eastlake Blvd Phase 1. CSJ 0924-06-436, MPO ID, P439X-MOD, Widen from 4 To 6 lanes divided, construction to include the intersection of Darrington and Eastlake with limits from IH-10 to Darrington Rd.
3. Eastlake Blvd Phase 2, CSJ 0924-06-500, MPO ID P463X-MOD, Widen/Restripe from 4 to 6 lane divided roadway with limits from Darrington Rd. to Horizon Blvd.
4. FM 1110 Clint Connection Rd. - Phase 1, CSJ 1281-02-007, MPO ID P520B-1-15A, Widen from 2 to 4-lane divided roadway with limits from FM 76 (North Loop Dr) to IH-10.
5. FM 1110 Clint Connection Rd. - Phase 2, CSJ 1281-01-017, MPO ID P520B-2-15A, Construct a new 4 lane divided roadway with intersection improvements (reconstruction of intersections and additional turn lanes) at FM 76 (North Loop Dr.) and SH 20 (Alameda Ave) with limits from SH 20 (Alameda Ave) to FM 76 (North Loop Dr.).

### New Mexico:

6. Airport Road Widening & Improvements, MPO ID P617X, Widen from 2 to 4 lanes, reconstruct roadway and include multi-use trail and sidewalks with limits from NM 136 (Pete Domenici Highway) to the Airport Entrance west of Pete Domenici Highway.

### Additional Texas

7. Loop 375 Purple Heart Widening of Frontage Roads, MPO ID, F058X-CAP, widen Frontage Roads from 2 lanes to 3 lanes in each direction with Limits from Spur 601 to US 62/180 (Montana Ave.).

# Executive Summary

## Amended Horizon 2040 MTP

- 8, US 62/180 (Montana Ave.) Expressway & Frontage Roads, Phase II MPO ID, F407B-CAP, Construct 6 lane (expressway) MLs EB/WB with auxiliary lanes and grade separations at intersections from Tierra Este Rd to FM 659 (Zaragoza Rd). Build 2 lane WB/EB FRs in each direction from Tierra Este Rd to FM 659 Zaragoza Rd. Reconstruct 6 lane WB/EB ML from Global Reach Dr. to Lee Trevino Dr. to include auxiliary lanes and grade separation at intersection. Reconstruct existing EB FR from Global Reach Dr. to Tierra Este Rd in concrete (no added capacity). Work includes drainage, advanced signing, striping, transitional and incidental work (operation improvements) up to FM 659 (Zaragoza Rd). Project scope may be further phased depending on funding availability with limits from Global Reach Dr. to FM 659 (Zaragoza Rd.)

For a complete summary of financial sources, categories, costs and fiscal constraint of the Amended Horizon 2040 MTP, see the attached Amended Horizon 2040 MTP-Financial Summary; for a key chart that details all of the projects impacted by this amendment see the attached Key Chart of Horizon 2040 MTP Amendments; and for a complete project listing see the attached Amended Horizon 2040 MTP Project List, all presented for an April 28, 2017 TPB approval.

The life of the Horizon 2040 MTP is based on a 4-year clock from the approved conformity determination date, as is applicable to non-attainment areas, such as the El Paso MPO. This amendment will not change the date of June 5, 2018 for the required development of a new conforming MTP. This amendment does not change the planning assumptions of the original Horizon 2040 MTP.

The financial information provided below is a summary of the current information for the Amended Horizon 2040 MTP. This includes the planning assumptions of the original Horizon 2040 MTP and adjustments in project costs and revenues over the course of multiple STIP revisions in Texas and New Mexico since the original Horizon 2040 MTP was approved.

The Amended Horizon 2040 MTP contains \$9.7B of multimodal projects. Projects on the Texas highway project list include added capacity, roadway improvements, enhancements, maintenance and rehabilitation, safety, and other types of projects at a cost of \$6.2B. Transit investments come to \$3.3B, (of which operations for Sun Metro, the city of El Paso's mass transit provider totals \$2.4B), to cover maintenance, equipment, and transit facilities. Sun Metro has the majority of transit investments, but there are also county and health and human service transit programs included in the plan. New Mexico projects include added capacity, roadway improvements, maintenance and rehabilitation projects, which total approximately \$171M.

For Texas, financial revenues for this plan have been from TXDOT's 2013, 2014, 2015, 2016 and 2017 UTPs. The UTP is the primary sources of federal and state funds in the Amended Horizon 2040 MTP. The UTP reflects the projects and programs that may be delivered from traditional (Federal Highway Administration and state of Texas) and non-traditional funding over a ten-year period.

There have been three TIPs during the life of the Horizon 2040 MTP, the Horizon 2013-2016, Horizon 2015-2018 and Horizon 2017-2020.

The Transportation Improvement Program (TIP) covers a program horizon of four fiscally constrained years. All corresponding TIPs have been consistent with the Horizon 2040 MTP, and contain

# Executive Summary

## Amended Horizon 2040 MTP

regionally significant projects to be funded with federal and non-federal funds. Inclusion of a project in the TIP reflects a consensus of priority needs among residents living in the MPO study area, locally and state-elected officials, local transportation agency representatives, and representatives of TXDOT and NMDOT. The TIP is, in effect, a listing of transportation priority needs that will be implemented that contain total estimated costs and implementation dates. The TIP may be amended as transportation needs and/or funding levels change.

The corresponding TIPs were all fiscally constrained for transit projects, and highway projects in the New Mexico and Texas portion of the MPO study area. This area is comprised of El Paso County, southern Dona Ana County, NM, and a small portion of Otero County, NM. The majority of projects are in the highway section for Texas, but all federal, state and locally funded projects of regional significance in the El Paso MPO study area are included.

Traditional federal funding categories that trickle down through TXDOT into the TIP are based on revenue forecasts in TXDOT's associated UTP. Close coordination is ongoing with NMDOT on available funds to be used in New Mexico. Transit projects are funded with FTA funds, and local funds. Most of the transit funding is for Sun Metro projects, the mass transit provider in the region.

Meetings of the Transportation Project Advisory Committee (TPAC), which recommends projects for approval, and the TPB, which approves projects in the TIP and associated MTP were used as open forum for the MPO public involvement process. The required 30-day public involvement/comment period was met for the corresponding documents. These meetings were advertised in local newspapers. At the time of the approval of the Amended Horizon 2040 MTP and Transportation Conformity Report, the corresponding Horizon 2017-2020 TIP was also amended by the TPB, on April 28, 2017.
