

The El Paso Metropolitan Planning Organization (MPO) invites the public to participate in online visioning workshops and provide feedback for the region’s new Metropolitan Transportation Plan (MTP) through the year 2050. The El Paso MPO is required to develop a long-range MTP every four years and public input is integral to its development.

Online Workshop	Date	Time	Link
On-Demand Workshop	June 14-July 19,2020	Accessible 24/7	Click Here
Live Workshop	July 8, 2020	5:30 to 7:00 pm	Click Here
Live Workshop	July 13, 2020	1:30 to 3:00 pm	Click Here

The live online workshops allow for real-time communication between the public and the MPO. The on-demand workshops will accommodate people who are unable to attend the live workshops. On-demand workshops will allow participants to provide their feedback for inclusion in the official record. The content for each workshop is identical, therefore, participants only need to attend one workshop.

If you would prefer to bypass the workshops and still provide feedback, please use the following survey link: <https://elpaso.scoutfeedback.com/survey>

The survey is only for those wishing not to participate in a workshop; but, still want to be heard. The same information is being captured through the workshops and survey. Please only provide your input through a workshop OR survey.

Questions about the RMS 2050 MTP workshops may be directed to Roger Williams, (915) 212-0258, rwilliams@elpasompo.org
