

## Appendix D: Environmental Clearance Projects

## **ENVIRONMENTAL CLEARANCE PROJECT LIST**

Appendix D contains a list of projects which are undergoing environmental analysis consistent with early project development. The intent of this appendix is to identify projects that are not planned for construction within the four-year time-frame of the Transportation Improvement Program (TIP). Consistency with the Amended RMS 2050 MTP will be verified as alternatives are explored in these studies and environmental clearance efforts.

The Federal Highway Administration (FHWA) requires these projects to be referenced in the TIP to complete the feasibility and environmental analysis phases. This appendix contains projects that are shown in the Amended RMS 2050 MTP and not programmed in the RMS 2027-2030 TIP. This appendix in no way implies that these projects are programmed in the RMS 2027-2030 TIP.
